YOUR DESIGN DELIVERED

You're in good company

wetherspoon

Welcome to Prologis Apex Park – a successful, established industrial and logistics park only 9 miles from Junction 16 of the M1. With outline planning permission for up to 4 units, Prologis Apex Park offers the ultimate in 'build to suit' flexibility. Over the following pages, we'll explain why Prologis Apex Park is the place to be if you're looking for a new facility in the region or the ability to grow your business within Daventry town.

Ashleigh Hayes
Development & Leasing Team Prologis

YOUR MILES MINIMISED

Prologis Apex Park is in the ideal location for serving both London and the Midlands. It is strategically located approximately 1.5 miles north of Daventry town centre, adjacent to the A45 with access to the M1, M40 and M45 motorways via the A45 and A361 trunk roads.

The M1 provides direct access to the M25 / London to the south and Leeds / Scotland to the north. The M6 serves Birmingham and the north west of the UK, whilst the A14 provides access to Felixstowe, one of the UK's largest deep sea-ports.

Daventry International Rail Freight Terminal is also within 7 miles, providing direct access to major UK and European destinations. Luton, Birmingham and East Midlands International Airports are all situated within a 1 hour drive time, the latter being Britain's largest dedicated air freight hub.

BUILD WITHOUT

BOUNDARIES

Prologis Apex Park offers complete flexibility and benefits from an outline planning consent for up to 4 units, as well as full planning consent for a single 416,000 sq ft logistics and industrial building. If your business is looking to relocate or expand, we can tailor our offering to meet your needs.

Single Unit Scheme - Full Planning Consent

YOUR EXPECTATIONS

EXCEED

When you choose a Prologis building, you choose a building that gives you an operational advantage. At Prologis Apex Park not only will you get a building tailored to your needs, you'll get a space that works as hard as you do. That's because, over the past twenty years, we've been leading the way in developing innovative, sustainable buildings, designed with the operational needs of your business in mind. Occupying a building that's both smart and sustainable can help you attract and retain employees and provide you with valuable data that helps you manage operational costs such as lighting.

Indicative base specification

Warehouse

- Dock and level access doors
- Steel portal frame
- Built-up cladding with 25-year system guarantee
- Triple-skinned rooflights to 15% of floor area
- 50kN/m² floor loading
- Level access and dock doors to cover a range of vehicle sizes
- Hub offices

External

- Secure service yard
- Lorry parking
- Car parking
- Gatehouse

Office

- Two-storey offices
- Gas central heating
- Suspended ceilings
- Raised floors
- Male, female & disabled WCs

Sustainability

We know that sustainability is important to you and your customers. That's why, if you choose Apex Park as your home, you'll get a building that delivers real change - both for your business and the environment.

Every sustainability feature we introduce in our buildings and parks is based on sound principles that deliver operational and environmental benefits. We also put people at the heart of our sustainability offering, focusing on ways to enhance employee wellbeing through the provision

of comfortable temperatures, access to daylight and connection to nature through green spaces both in and around our buildings.

You'll also be pleased to know that your new building will be delivering environmental benefits before you've even moved in: protecting an area of rainforest five times its built area, educating local school children about climate change and delivering measurable social value in the local community.

PROLOGIS
PARK*life*

At Prologis we make so much more than buildings: we make the spaces and places where our customers' businesses can thrive and where their employees enjoy coming to work.

Our ParkLife initiative is unique to Prologis and puts people at the very centre of our approach. From the buildings we own, right through to the communities and environments we create on and around our parks, ParkLife helps us create a sense of place and belonging. It's this desire to create something our customers, their employees and the local community can be proud of that makes our Prologis Parks so special.

TRAVEL THAT DOESN'T
C O S T T H E E A R T H

It's a fact of life that your employees will have to get to and from your new building and it's only right that we should make this as easy and environmentally friendly as possible for them. That's why, if you move your business to a Prologis Apex Park, we'll work with you to give your employees travel options that won't cost the earth.

Whether your employees choose to come to work by bike, train, car, bus or on foot, we'll help them find the best option for them: we'll even work with local bus companies to adjust bus services to shift patterns. And, should they wish to make the journey by car, they can even choose to join our parkwide carsharing scheme, which we operate in conjunction with our partner, Liftshare.

YOUR PERSONNEL

PRIORITISED

We know that people make your business what it is and that attracting and retaining those people is important to you. Prologis Apex Park is located in an area with a labour pool ideally suited to the industrial and logistics sector. What's more, the Park is well-served by local bus routes, making it easier for your staff to get to and from work. The quality of the buildings and Park environment will also aid staff retention by helping to make your business a great place to work.
